

## We Believe That Supported Teachers Make the Greatest Impact in the Classroom

**Customized Workshops** are ideal for customers who want to dig deeper or who are using multiple products. These workshops are offered as full day or multiday sessions, or as a collection of shorter breakouts over the course of one day. Facilitated by a Learning A–Z professional learning expert, these workshops are delivered at your location in a highly engaging, hands-on, and collaborative format.

- Workshops provide **interactive, hands-on professional learning** using computers or mobile devices.
- **Meaningful collaboration** engages educators in applying Learning A–Z resources to instructional best practices.
- **Content can be customized** to address any part of the instructional cycle, based on your identified needs.
- Multiple formats provide **flexibility to fit your unique needs** and schedule.
